Indicate the skills or areas of interest that people have. Please list everyone in your group, regardless of skill level. If possible, we want to take advantage of those skills, gifts, and interests that are in your group. You can add lines to this document if you like or make a second copy of the page if necessary.

Your Schedule

Your flexibility will be greatly appreciated as you plan for this event. It is difficult for us to plan precisely for each group that comes to us, though we endeavor to plan carefully. There are many variables that require us to make adjustments to the planned schedule that you will receive after you send this form to us. It will give you a pretty good idea of what your group will be involved with and will enable you to tell us what projects are not appropriate for your group. Thank you for your willingness to serve alongside us!

Samaritan Projects

One of your projects will most likely be a Samaritan Project. Good Works is able to direct volunteers to people in the community who need assistance with their property, but we are not able to purchase the materials they will need for their project. The requested donation you give to us does not go toward these materials. We require the homeowner to pay for the materials for the project we will be helping them with. Occasionally our clients are not able to pay for materials, in which case we will not be able to help them. However, your group may want to consider helping them by purchasing the materials for the project. We have set up a separate fund for materials to do these projects to which you can make a donation if you like. Or, when your group comes to Good Works, you can actually purchase the materials required for the project at that time

Is this something your group can financially participate in? If so, please describe what you can provide.

_____ Yes. We would like to help in this way: _____

_____ No, thank you.

Your answer does not determine whether or not you will be working on a Samaritan Project. It simply gives us permission to approach you as a possible resource for our clients should the need arise when your group is here.
